

TAG Health Presents

Health IT Career Seminar with Resume Review and Job Search Prep

February 26, 2014

2 PM – 8 PM

GSU's Perimeter Center Campus

The TAG Health IT Career Fair brings together experienced, highly qualified talent with HIT companies in Georgia, the nation's health IT capital. A post-fair survey showed that employers appreciated *"the abundance of a select group of qualified candidates with health IT related experience and skills."*

Please also join us for a Health IT Career Seminar with Resume Review and Job Search Prep on February 26

TAG | Health

As the Health IT Career Fair approaches, get your resume together at this prep session! Topics: How to conduct a Health IT Job fair, work a career fair, and build your resume.

Our resume reviewers are health IT professionals from all areas of the industry. Additionally, some of our reviewers may be from our Health IT Employers that will be showcased at the Career Fair.

Job Seeker Participation
